# Match the Change

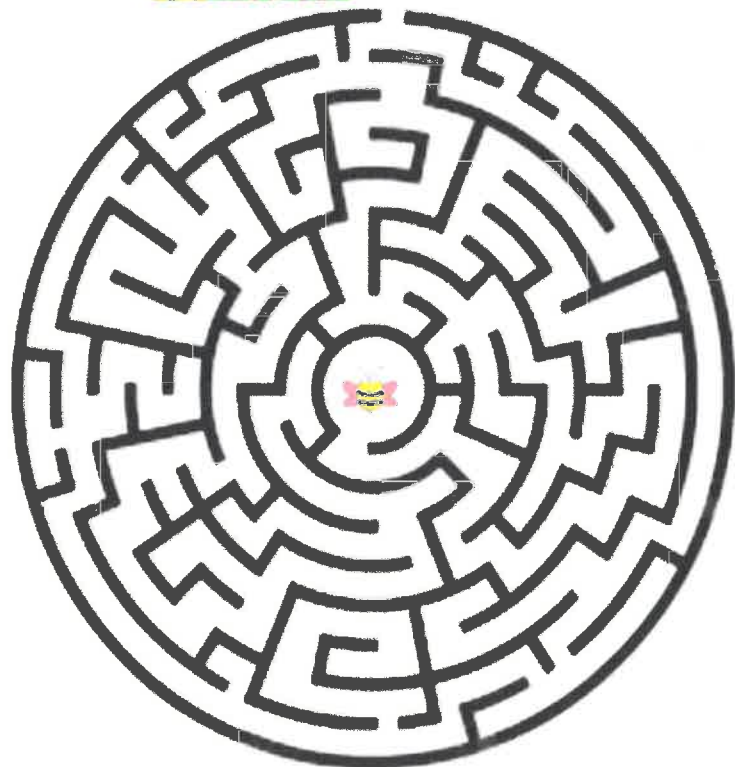

The rules are simple, add up the change for each circle. Match the total of the change in each circle by drawing a line to the correct total in the middle column. There could be more than one way to get the same total. Good luck and have fun!!!

	\$0.95	
	\$1.05	
	\$0.68	
	\$0.29	
	\$1.00	
	\$0.27	
	\$0.45	
	\$1.65	
	\$0.39	
	\$0.75	

# A-MAZE-ING BEE ADVENTURES

Help me find my way through the maze to the spring flowers

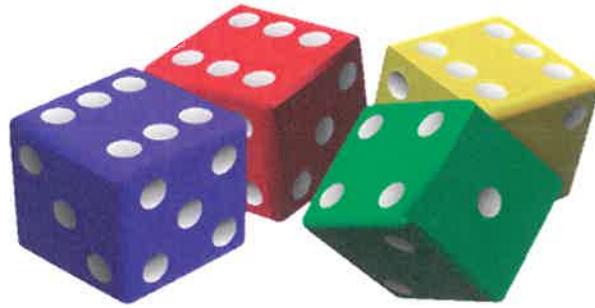

Help! I got lost in the maze looking for flowers. Can you get me back out

# Color With Me

# 12-Week Dice Saving Challenge

## *Here are the Rules:*

Every week roll 2 dice and add up the total of the dice. This will tell you how much change to try to save that week.

Do this every week for 12 weeks and see how much money you have saved up. At the end of it you could continue to save this way, put your money in a savings account, or buy yourself something with the change as a reward.

Let's see how much you can save.

2-\$1	6-\$11	10-\$9
3-\$6	7-\$2	11-\$5
4-\$4	8-\$7	12-\$8
5-\$3	9-\$10
