

Kassandra, our HR Manager, right, and I during the Youth Apprenticeship Program fair at Marinette High School.

Message From Our CEO

Strong schools = strong communities. Along with hosting our Financial Reality Fairs, we stopped by Marinette High School to have some meaningful conversations with high schoolers as part of the Youth Apprenticeship Program. One student walked away knowing what they wanted to do for a career. That's a huge win in my book. We remain committed to education and the community ties that it strengthens. - Mindy Brezsko, CEO

Chain of Hearts

Your donations brought in \$561.39 for Children's Wisconsin! Thank you from the bottom of our hearts for chipping in for our Chain of Hearts program with Credit Unions for Kids, benefiting Children's Miracle Network (CMN) Hospitals.

CMN is a national nonprofit dedicated to raising funds for local hospitals. Children's Wisconsin is a member of CMN.

We're Always Learning!

Closed doors don't mean we aren't working! We use federal holidays like Juneteenth and MLK Day for training, which is vital in giving you personalized, friendly service.

We have a little bit of fun, too! We use this time to build stronger teams - teams that will need to work together to launch new programs and services. These days give us much-needed time to grow closer as coworkers.
