Message From Our CEO

Our leadership team made the trip down to the MDT E3 Conference in Detroit last month. Our CFO, Becky Harding, and Director of Operations, Frank Baublitz, along with myself, connected with fellow credit union leaders, explored technology solutions, and had some meaningful and vital conversations about our industry's future. Things may come and go, but collaboration and innovation are always going to be important when it comes to helping credit unions continue to grow and serve members well. - Mindy
