Quarterly Newsletter

Congratulations Scholarship Recipients!

Thank you to all the students who applied for the Integra First Federal Credit Union scholarship award. This scholarship is awarded based on educational achievement and citizenship potential. We are pleased to announce our very deserving winners, who were each awarded a \$1,500 scholarship:

Paige Thoun

Stephenson High School

Coleton Kotecki

Menominee High School

Ethan Brown

Stephenson High School

Each year, scholarship applications are available in January to all graduating seniors who are members of our Credit Union.

If you will be a graduating senior in 2019, we invite you to go online or stop by in January for an application and apply for the scholarship award we will be awarding next spring.

Banzai!

Integra First brings financial education to area classrooms through our partnership with Banzai, a provider of online financial resources, customized for students of all ages, from elementary through high school. Best of all, Banzai provides the teachers with all the materials needed, including suggested lesson plans and online assessment tools that make the program easy to manage and teacher friendly.

Schools we are currently sponsoring are: Pembine, Stephenson, Norway/Vulcan, Carney/Nadeau, North Central, Menominee High. Teachers interested in using the Banzai program can call 888-8-BANZAI.

Integra First Invests in New Phone System

Integra First has recently completed a major upgrade to our internal phone system. The new system connects each of our branch locations by using VOIP (Voice Over Internet Protocol) which utilizes our existing fiber optic network. Members will experience faster response times, with calls being funneled automatically to the next available credit union staff person, regardless of which office they may be in. Please rest assured that staff from any one of our 3 locations are here to answer your questions and will provide the same excellent service that you are accustomed to receiving.

Core Processor Conversion Scheduled for 2018-2019

Throughout the remainder of the year and into early 2019, there will be a significant project being worked on behind the scenes at Integra First. The management team and board of directors have made the decision to change core processor. This change will affect almost every aspect of the day to day operations of the credit union. IFFCU will be switching to the Episys core platform from Symitar. Symitar/Episys is the most popular data processing system in the United States in all asset ranges over \$50M. This change will enable IFFCU to offer enhanced services to members that will ultimately lead to better member service. Members will be kept up to date on the progress of this important project throughout the year.
